

Other countries: Denmark, Finland, Sweden, Bulgaria, France, United Kingdom, Germany, Romania, Austria.

Dear Students,

The Group is most diverse in terms of participation in the euro area, its position on the single currency and deepening integration.

Which of you will definitely opt for additional financial support in the EMM? Whether the big countries of the old EU15 are able to impose their position on the rest, please look at the distribution of votes in the Council. Are countries like France, Germany able to build an alliance and convince other EU members to take their position?
